PREFACE

For the 1983 Follow-Up Survey, the reporting format has been changed with the only written analysis being confined to a lengthened Executive Summary.

There will be four separate reports produced. The 1983 Manitoba Community College Follow-Up Survey of 1982 Graduates; All Colleges Report contains the aggregate results of all-graduates from all colleges. As in the past, major labour market outcomes are broken down by student characteristic variables and major program division as are other areas such as the migration of all graduates and continuing education plans. A section containing the time-series trends from past survey years has also been added.

Separate reports have also been prepared for each Community College. Each report contains the results for that college concerning the labour market outcomes of graduates broken down by student characteristics and major program divisions and includes the migration of graduates, continuing education plans and labour market outcome profiles for each course.

The Manitoba Community College Follow-Up Survey has been undertaken by the Research and Planning Branch of the Department of Labour with assistance from the Programming Branch, Department of Education and the Management Information System Branch for the Community Colleges, Department of Education.

EXECUTIVE SUMMARY

The major objective of the 1983 Manitoba Community College Follow-Up Survey is the assessment of the post-training labour market experiences of community college graduates. Survey results are summarized and then used for manpower planning and forecasting, the development of background information for educational program assessment and program planning, and also to provide information concerning the outcomes of Manitoba community college education which counsellors and students may use for career decision-making.

For Keewatin Community College, a total of 253 graduates from two-year diploma and one-year or less certificate courses and some short courses in 1981-82 were surveyed in the summer of 1983. This year's survey included twenty-four courses from Keewatin Community College. Graduates returned 155 surveys. A further twenty-six graduates could not be located. The response rate for Keewatin Community College graduates for the 1983 survey was 68.3%.

Major survey highlights for Keewatin Community College graduates include:

* at the time of the survey, the labour market participation rate was 88.2% with an unemployment rate of 21.5%
* average weekly earnings of employed graduates were $270.81 or $7.36 hourly. Average hours worked per week were 37.1 hours
* of the employed graduates, 91.2% were working in Manitoba
* of the employed graduates, 60.7% were working in jobs related to their community college training
* 67.9% of the employed graduates were using skills obtained through training to a great extent or to some extent in their present jobs

* major occupational groupings of employed graduates were Occupations in Medicine and Health (30.7%), Clerical and Related Occupations (19.2%), and Service Occupations (10.5%)

* major industries of employment were Health and Social Service (31.9%), Government Service (11.7%) and Accommodation, Food and Beverage Service (9.6%)

* on average, it took graduates 9.3 weeks for graduates to obtain their first job after graduation

* 19.5% of graduates indicated that they were presently attending or planning to continue their education in credit or non-credit courses

* at the time of the survey, 1.3% of graduates were registered as apprentices and 14.8% had planned to enroll as apprentices in the future.

SUMMARY PROFILE OF OUTCOMES FOR 1982 GRADUATES
FOR KEEWATIN COMMUNITY COLLEGE

	SEX	COURSE DURATION	SPONSORSHIP	AGE	PRIOR EDUCATIONAL ATTAINMENT	OVERALL
LABOUR MARKET OUTCOMES	Participation rates and unemployment rates were higher for males	One year certificate graduates had lower participation than 2-year diploma diploma graduates but had higher unemployment rates	Canada employment sponsored graduates had lower unemployment rates than provincial entry students	Graduates between the ages of 20-21 had the highest unemployment rate	Unemployment rates were generally higher for lower levels of of prior education	Labour market participation rate was 88.2% and the unemployment rate was 21.5%
EARNINGS	Males earner more than females	2-year diploma graduates earned higher wages	Canada Employment sponsored graduates earned slightly more than provincial entry students	Earnings generally increased with age	Earnings generally increased with higher prior educational attainment	Weekly earnings were $270.81 and hourly earnings were $7.36
EXTENT TO WHICH GRADUATES WERE USING SKILLS IN THEIR PRESENT JOB	More females than males were using skills obtained through training in their present jobs	Fewer 2-year diploma graduates were using their college skills than 1-year certificate graduates	Fewer provincial entry graduates were using their skills as CEIC sponsored graduates	Those graduates 20-21 and 25-34 were more likely to use their skills in their present job than any other age group	Those graduates who had completed post-secondary education prior to college training were more likely to use their college skills in their present jobs	67.9% of employed graduates were using their skills to a great or some extent in their present jobs
JOB SATISFACTION	More females than males were satisfied with their present jobs	2-year diploma graduates were not as satisfied with their present jobs as 1-year certificate graduates	Provincial entry graduates were more satisfied with their jobs than CEIC sponsored graduates	Job satisfaction was lowest for those graduates 35 years of age and over	Those graduates with university degrees prior to college training were most satisfied with their present jobs	83.9% were satisfied or very satisfied with their present jobs
PRESENT JOB RELATED TO TRAINING	More females than males were working in jobs related to their training	0.0% of 2-year diploma graduates were working in jobs related to training compared with 61.6% for 1-year certificate graduates	42.3% of provincial entry graduates and 73.0% of CEIC graduates were in jobs related to training	Graduates 20-21 and 25-34 were most likely to be working in training related jobs	Percentage of graduates havings jobs related to training increased slightly with higher prior educational attainment	60.7% of employed graduates were working in jobs related to training
CONTINUING EDUCATION PLANS	Slightly more males than females had continuing education plans	Approximately 19% of 1-year certificate graduates had continuing education plans	More provincial entry graduates had education plans than CEIC sponsored graduates	Continuing education plans were higher for graduates between the ages of 20-21	Continuing education plans were greatest for those with prior education of some post-secondary	19.4% of all graduates had continuing education plans

Dear Community College Graduate:

The Research and Planning Branch, in cooperation with the Manitoba Community Colleges, is again undertaking a follow-up survey of all community college graduates who completed their training between July 1, 1981 and June 30, 1982.

The purpose of this survey is to obtain informtion from graduates on the following areas: (1) labour market experiences, and (2) to what extent graduates are using skills obtained through training in their present jobs.

By taking a few minutes to complete the attached survey, you will be providing valuable information to the Department of Labour and Employment Services and the Manitoba Community Colleges for use in educational planning.

Your responses will be kept strictly confidential. Your answers will be combined with those of your fellow graduates to provide an overview of community college education.

Once you have completed the survey, please return the questionnaire in the enclosed postage-paid self-address envelope.

Your assistance would be greatly appreciated and would contribute to the success of this important study.

Thank you for your time and attention.

Yours truly,

J.E. Nykoluk
Director

July, 1983

Dear Community College Graduate:

Approximately one month ago you received a survey from the Research and Planning Branch, Department of Labour and Employment Services. The purpose of this survey of community college graduates was to obtain information on your labour market experiences and your use of the skills obtained in your community college training.

As we have not yet received a completed questionnaire from you, we have enclosed another survey and a self-addressed, postage-paid envelope for your convenience.

The success of our research depends upon your prompt reply. We are looking forward to including your valuable responses in our study. Let us reassure you that your responses will be kept strictly confidential. Your answers will be combined with those of your fellow graduates to provide an overall view of community college education in Manitoba.

Thank you very much for your time and attention.

Yours truly,

Mr. J. E. Nykoluk
Director

MANITOBA COMMUNITY COLLEGE STUDENT FOLLOW-UP SURVEY

ALL RESPONSES WILL BE KEPT STRICTLY CONFIDENTIAL. AT NO TIME WILL YOUR NAME BE REVEALED.

IF NAME OR ADDRESS ARE NOT CORRECT, MAKE THE NECESSARY CHANGES ON THIS LABEL

PLEASE DO NOT WRITE IN THIS COLUMN

A. STUDENT INFORMATION (Check the appropriate circle or fill in the blank)

1. Sex ◯ Male ◯ Female

2. Date of Birth _____ (Day) _____ (Month) _____ (Year)

3. Did you graduate from the course printed on the label above? ◯ Yes ◯ No

4. What was your primary reason for attending community college?

_____

5. In the 12 month period **BEFORE** you took your community college course, approximately how many **WEEKS** were you engaged in the following activities?

Working	_____
Unemployed and looking for work	_____
In school or taking other full-time training	_____
Keeping house full-time	_____
Other _____ (specify)	_____
TOTAL SHOULD EQUAL	52 WEEKS

6. What was the highest grade or level of education that you received before enrolling in your community college courses?

- ◯ Grade 8 or less
- ◯ Grade 9
- ◯ Grade 10
- ◯ Grade 11
- ◯ Grade 12
- ◯ Some Post-Secondary training (University or Community College)
- ◯ Community College Certificate or Diploma
- ◯ University Diploma or Degree
- ◯ Other _____ (Specify)

7. Have you particpated in an adult basic education (A.B.E.) Program?

◯ Yes ◯ No

8. If you have taken a trade or post-secondary education course before enrolling in your community college course, please specify, institution and location.

Course: _____

Institution: _____

Location: _____

PROCEED TO REVERSE SIDE OF THIS PAGE ➡

B. YOUR ACTIVITIES IN THE PAST 12 MONTH PERIOD (June, 1982 to June, 1983)

1. In the PAST 12 MONTHS, how has your time been divided?

Indicate the number of WEEKS you have spent:

Working	_____	57 58
Unemployed	_____	59 60
In school or taking other full-time training	_____	61 62
Keeping house full-time	_____	63 64
Other _____ (specify)	_____	65 66
TOTAL SHOULD EQUAL	52 WEEKS	

2. How many jobs have you had since leaving your training? (Include present job if applicable). _____ 67 68

3. How soon after leaving the course did you get your first job? _____ Weeks. 69 70

4. When are you most likely to start this educational training program?

◯ Have already started

◯ Next year

◯ Within two years

◯ Within three years

◯ None of the above

74 ☐

PLEASE RETURN THIS FORM IN THE POSTAGE PAID ENVELOPE ENCLOSED.

THANK YOU FOR YOUR HELP!

DEFINITIONS

CANADA EMPLOYMENT SPONSORED STUDENTS - Those individuals who were referred into training by Canada Employment Centres under the Canada-Manitoba Adult Occupational Training Act Agreement. These individuals are referred into training courses of one year (or less) in duration.

CERTIFICATE COURSES - Certificate courses requiring Grade 10 to 12 and are awarded for the successful completion of courses of one year or less in duration.

DIPLOMA COURSES - Post-secondary, non-university courses of two years in duration requiring, as a course prerequisite, a Manitoba Grade XII (or acceptable equivalent). Diplomas are awarded for successful completion of two year courses.

EMPLOYED - The employed includes all persons who at the time of the survey, reported themselves to be employed, self-employed or working for a relative (for example, on the family farm, or fishing).

EMPLOYMENT/POPULATION RATE - The employment rate represents the number of employed persons as a percentage of the total population (working age).

LABOUR FORCE - The labour force is composed of that portion of the population 15 years of age and over who, at the time of the survey, were employed or unemployed.

NOT IN THE LABOUR FORCE - That portion of the population 15 years of age and over who, at the time of the survey, were neither employed nor unemployed.

PARTICIPATION RATE - Tha participation rate represents the labour force as a percentage of the population 15 years and over.

PROVINCIAL ENTRY STUDENTS - Those individual fee-payers who are not referred into training by Canada Employment Centres. These individuals may participate in [illegible] courses of both two years in duration, one year (or less) in [illegible] courses.

SHORT COURSES - Includes refresher/up-grading courses, equipment operating courses and medical technology courses which have a term of hospital based training after completion of college training.

UNEMPLOYED - The unemployed includes those persons who, at the time of the survey, reported themselves to be unemployed and looking for work.

UNEMPLOYMENT RATE - The unemployment rate represents the number of unemployed persons as a percentage of those survey respondents indicating themselves as part of the labour force.

GEOCODE REGIONS - The geocode regions are the official regions for data collection within the Province of Manitoba. They are created by combining the census divisions in which students indicated they lived before and after training and also where they were employed.
